SUBJECT: Telegrams of Appreciation from Crown Prince Faisal

Discussion:

(Tab C)

Crown Prince Faisal of Saudi Arabia has sent telegrams to you and the President (Tab D) expressing appreciation for courtesies extended to him during his stay in the United States. The Crown Prince departed from New York on November 19 after a stay of four and one-half months in the United States. He plans to spend a month in Italy before proceeding to Saudi Arabia.

We believe that his visit here was successful not only due to the medical treatment he received, but also because it afforded him an opportunity to become better acquainted with the United States. The United States Delegation to the United Nations played an important role in the representational side of the visit.

We have prepared suggested replies (Tabs A and B) to the messages sent by the Crown Prince.

Recommendation:

That you sign the telegram at Tab A replying to the Crown Prince's telegram to you, and that you approve the suggested reply by the President at Tab B.

Concurrences:

U/PR - Mr. Buchanan IO-Mr. Walmsley
